

CHAPTER V CONCLUSION AND SUGGESTION

This chapter consist of two section, the first section deals with the conclusion and the second section deals with the suggestion.

5.1 Conclusion

From the result of observation, the researcher conclude that:

- 5.1.1 Using Praise Question Polish technique to improve students' writing ability at MA DDI Lil-Banat parepare, the result of t-test was 8,5 than t-table 1,753 and degree of freedom (df) was 22.
- 5.1.2 From the result of Pre-test, the students' writing ability was still low. The mean score of pre-test was 60 and then the researcher gave the treatment by using Praise Question Polish technique after pre-test and the mean score of post-test was 8,16 Then, the t-test (8,5) was greater than t-table (1,753), it means that the null hypothesis (H_0) was rejected and the alternative hypothesis (H_a) was accepted. So the result of this research is using Praise Question Polish technique at MA DDI Lil Banat parepare can be concluded that using Praise Question Polish technique able to improve students' writing ability.

5.2 Suggestion

To improve the students' writing ability the writer further purposes some suggestions as follows:

5.2.1 For the English teacher

The English teachers are supposed to give a high motivation to the students in learning English so that they are able to improve their English.

5.2.2 For the students

Do not give up and always spirit, enjoy to learning English, not just one skill but all of the English skills. Do not less motivation in writing an English sentence, they should always exercises and practice.
