

CHAPTER V

CONCLUSION AND SUGGESTIONS

This chapter consists of two parts namely conclusion and suggestions of the research. The conclusion deal with the conclusion gotten based on the findings and discussion. The sugestion deal with some suggestions given by the researcher.

5.1 Conclusion

As the end of this research, the researcher would like to give a conclusion as stated below:

5.1.1 The using jigsaw strategy is able to improve students' reading comprehension at the eighth grade of MTs AL-Qamar Kassa. It was proved by the data showed that the mean score pre-test was 49.13 and the mean score of post-test was 85.21, while the t-test value 35.029. It mean that, there was significant improving of students' reading comprehension by using jigsaw strategy. Besides that, the indicator of learning achievement in this research had been achieved. Therefore, the researcher concluded that using strategy at the second grade of MTs AL-Qamar Kassa was able to improving their reading comprehension.

5.2 Suggestion

To energize the quality of students English, the researcher further porposes some suggestions as follows:

5.2.1 For the teacher, should be using strategy in teaching English Reading comrehension as one precisely alternative. Jigsaw strategy in teaching

English Reading comprehension as one way to motivate and stimulate the students in learning English Reading comprehension.

- 5.2.2 For the next researcher, they could use this research as a literature to guide them when they want to do the similar research. Although this study has been done but because of limited time it still has many weaknesses. Therefore, any researchers interested in the same field are suggested to do deep analysis and focus on strategy the students' reading comprehension learning through by using jigsaw strategy.
